

TEACHER **as** RESEARCHER

Lead with Inquiry.
Transform Instruction.
Level Up for Kids.

A game-changing approach
for teachers and leaders
who want to deepen their impact
—without adding more to your plate.

NOT ANOTHER INITIATIVE

Teacher as Researcher is a structured yet flexible approach with built-in support and resources to help you lead the work you're already doing with greater clarity, discipline, and results.

WHY IT WORKS

Participants will strengthen practice, gather evidence of what works in their schools, and implement their curriculum with added structure, rigor, and tools.

ALL KNOX COUNTY SCHOOLS ARE WELCOME

Join the movement of Knox County teachers and leaders transforming schools from the inside out.

WHAT THIS INCLUDES

Knox county participants get support implementing strategies from their HQIMs and district instructional practice guides. They also get classroom data evaluation tools, along with leadership and coaching supports.

FLEXIBLE LEARNING

Teacher as Researcher consists of virtual workshops and self-paced review modules, with leadership support and optional collaboration opportunities.

**When teachers ask better questions,
schools get better outcomes.**
