

TEACHER **as** RESEARCHER

Lead with Inquiry.
Transform Instruction.
Level Up for Kids.

A game-changing approach
for teachers who want
to deepen classroom impact

— *without adding more to your plate.*

NOT ANOTHER INITIATIVE

Teacher as Researcher is a flexible, practical approach to help you use data to sharpen your instruction and lead your existing work with greater clarity and impact.

WHAT THIS INCLUDES

Participants get access to strategy guides, tools that make evaluating classroom data easy, and leadership and coach supports.

ALL EDUCATORS ARE WELCOME

Join the movement of teachers transforming schools from the inside out.

WHY IT WORKS

Participants will strengthen practice, gather evidence of what works in their classrooms, and implement their curriculum with added rigor and tools.

FLEXIBLE LEARNING

Teacher as Researcher consists of workshops and self-paced review modules, with optional collaboration opportunities.

When teachers ask better questions,
schools get better outcomes.
