Core File Requirements

Each data submission must include a Core File with student demographic data submitted before the assessment file. The file structure is modeled on the MO DESE required CORE file. Only the following variables will be used for aggregation and identification. Please remove any additional columns. The relevant columns should have this order.

COLUMN NAME	COLUMN LOCATION
CurrentSchoolYear	A
ReportingDistrictCode	B
ReportingSchoolCode	C
StudentID	D
StudentGradeLevel	E
Gender	F
RaceEthnicity	G
LunchStatus	H
ELLLanguage	I
LEPELL	J
IEPDisability	K

NOTE: For assessments with separate ELA and MATH submissions, ensure that your StudentID matches across the ELA, MATH, and CORE files. You must submit the same CORE file before each portion of the assessment.

NOTE: District and school code information will be used to identify each district and school. Codes are drawn from the 2024 DESE School Codes:

- <https://dese.mo.gov/media/pdf/2022-dese-school-codes>
- <https://dese.mo.gov/media/pdf/2023-dese-school-codes>
- <https://dese.mo.gov/media/pdf/2024-dese-school-codes>

Once the CORE file is uploaded, continue with the assessment file(s). Specific instructions for your district assessment are provided in the next section.

IXL – Math and ELA

Assessment File Format Overview

IXL assessment files must be exported from the IXL platform and submitted as CSV files.
Each file should retain its original column headers and positions as specified below.
Only relevant columns will be used by the system; extra data will be cleaned automatically.

StudentID must match exactly across the Core and assessment files.

COLUMN NAME	COLUMN LOCATION
StudentID	A
Current assessment level - Math	J
Assessment growth - Math	K
Current diagnostic level - ELA	Q
Diagnostic growth - ELA	R
